

Glad to have you join us.

We look forward to greeting you personally at our many programs and activities. In the meantime, we invite you to visit [indiananativeplants.org](http://indiananativeplants.org) to explore all that we do and the many educational resources available through INPS.

Welcome to the  
Indiana Native Plant Society.  
A gift membership has been purchased for your youth organization.  
As an INPS member, you will receive monthly updates on our activities, plus our quarterly INPS Journal, and your leaders can register for our Annual Conference at a reduced price.
