

# GROW INDIANA NATIVES

[GROWINDIANANATIVES.ORG](http://GROWINDIANANATIVES.ORG)

# Grow Indiana Natives

*A program promoting Indiana native plants instead of invasive plants for landscaping.*

## **Do you buy native plants?**

Our Buy Natives Directory features plant sellers and designers who certify that they don't sell or work with invasive plants, and they have the best selection of native plants in the state!

## **Do you have a native garden?**

If you grow natives in your gardens and commit to getting rid of invasive plants in your landscape, you can be certified as a Grow Indiana Natives Native Garden.

## **Do you sell native plants?**

Join the Grow Indiana Natives program so your business can be promoted to customers looking for native plants. If you still sell some invasive plants, sign up for the Basic Membership. If you do not sell invasive plants, sign up for the Invasive-Free Membership, which gets you listed in the Buy Natives Directory.

## **Do you design with native plants?**

Become a certified Grow Indiana Natives designer to connect with homeowners looking for landscapers who specialize in native plant design. To qualify, you must use native plants and not use invasive plants in landscape designs.

Find all the details at **GrowIndianaNatives.org**.
